

NESTPOS — BUSINESS REQUIREMENT QUESTIONNAIRE

Stock, Kitchen Items aur Physical Stock Check

Is questionnaire ka maqsad Raw Material, Kitchen Item, Retail/Menu Item, Branch Stock aur Physical Stock Check ka final business flow samajhna hai.

Jawab dene ka tareeqa:

Har sawal ke neeche apna jawab likhein. Jahan multiple options hon, jo jo applicable hon sab likh dein. Agar kisi point ka faisla na hua ho to **“Aap apni best recommendation de dein”** likh dein.

Company / Shop:**Branch:****Jawab dene wale ka naam:****Date:**

A. Items ka Basic Structure

Raw Material, Kitchen Item aur Retail/Menu Item ke darmiyan relationship batayein.

1. Aap ke business mein items ke kitne types honge?

- Raw Material — jaise chicken, flour, cheese, sauce
- Kitchen Item — jaise zinger patty, marinated chicken, prepared sauce
- Retail/Menu Item — jaise zinger burger, pizza, shawarma
- Ya sirf Raw Material aur Retail/Menu Item?

Jawab:

2. Aap ke business mein item ka normal flow kya hoga?

- Raw Material → Kitchen Item → Retail/Menu Item
- Raw Material → Retail/Menu Item (direct recipe)
- Dono flows support honge

Jawab:

3. 2 ya 3 real examples dein.

Misal: 10 kg chicken se kitni patties banti hain? Ek Zinger Burger mein kitni patty, bun aur sauce lagta hai?

Example 1:

Example 2:

Example 3:

4. Kitchen Item ka matlab exactly kya hoga?

- Raw material se kitchen mein prepare hone wali cheez
- Central kitchen se branch ko ready condition mein bheji jane wali cheez
- Purchased ready item bhi Kitchen Item hoga
- In sab mein se applicable rule

Jawab:

B. Kitchen Item Banane ka Tareeqa

Production, recipe, yield aur wastage ka rule clear karein.

5. Kya Kitchen Item ki apni recipe/BOM honi chahiye?

Misal: Zinger Patty = Chicken + Spices + Coating. Recipe se raw material automatically consume hoga?

Jawab:

6. Kitchen Item banane ka record kaise rakhna hai?

- Production entry: 10 kg chicken se 80 patties bani; raw material kam aur patties stock zyada
- Staff sirf manually received quantity enter kare: Patty received 80 pieces
- Dono tareeqay support hon

Jawab:

7. Kya production mein Expected Output aur Actual Output dono record hon?

Misal: Expected 100 patties, actual 95 patties. 5 patties ko waste/yeild loss dikhana hai?

Jawab:

8. Kitchen Item ki recipe mein kaun si units use hongy?

- Pieces
- Kilogram/gram
- Liter/ml
- Packet/carton
- Mixed units

Jawab:

C. Branch aur Stock Transfer

Stock kis location se issue, receive aur return hoga?

9. Stock issue/transfer kin directions mein chahiye?

- Head Office → Branch
- Central Kitchen → Branch
- Branch → Branch
- Branch → Head Office/Central Kitchen return
- Supplier → Branch
- Supplier → Head Office, phir Head Office → Branch

Jawab:

10. Stock Issue aur Stock Receive ko alag steps rakhna hai?

Misal: Head Office ne 100 patties issue ki, branch ne 95 receive ki. Ya issue karte hi branch stock mein quantity add ho?

Jawab:

11. Agar 100 issue ki aur branch ne 95 receive ki, to 5 ka kya hoga?

- Shortage report ho
- Sender approve kare
- Receiver approve kare
- Automatically transfer mein shortage save ho
- Dono parties ki approval ho

Jawab:

12. Kya Raw Materials, Kitchen Items aur Retail Items teeno ko transfer karna hoga?

Jawab:

D. Retail/Menu Item aur Recipe

Sale hone par components aur stock kaise consume honge?

13. Retail/Menu Item ki recipe kis cheez se banegi?

- Direct Raw Materials se
- Kitchen Items se
- Raw Materials aur Kitchen Items dono se
- Har item ka alag rule hoga

Jawab:

14. Sale hone par stock kaise kam hoga?

Misal: Zinger Burger sale hua: 1 bun, 1 patty aur sauce kam ho, ya sirf Zinger Burger ka stock kam ho?

Jawab:

15. Kya sale par raw material bhi automatically kam hoga?

Ya raw material sirf Kitchen Item banate waqt consume hoga aur sale par Kitchen Item kam hoga?

Jawab:

16. Agar menu item ki recipe badal jaye to purani sales ka kya rule hoga?

Misal: Pehle burger mein 100 gram patty thi, baad mein 90 gram kar di. Purani sales purani recipe par rahengi?

Jawab:

E. Physical Stock Check

System quantity aur asal counted quantity ka comparison kaise hoga?

17. Physical Stock Check kin items par chahiye?

- Raw Materials
- Kitchen Items
- Retail/Menu Items
- Teeno categories

Jawab:

18. Expected stock kis formula se nikle?

Proposed formula: Opening Stock + Received/Issue + Production + Returns – Sales/Consumption – Waste – Transfers

Jawab:

19. Zinger example confirm karein:

100 patties issue hui – 50 patties sale hui = Expected 50. Physical count 45 ho to Difference = 5 shortage. Kya yahi calculation chahiye?

Jawab:

20. Physical quantity kis level par enter hogi?

- Har item ke liye
- Har branch ke liye
- Har kitchen/station ke liye
- Ek combined stock list mein

Jawab:

21. Physical count ke waqt stock movements temporarily lock hon?

Ya count chalne ke bawajood sale, transfer aur production normal chalte rahen?

Jawab:

F. Count Timing aur Variance Action

Count kab hoga aur shortage/excess ke baad kya action hoga?

22. Physical count kab karna hai?

- Roz raat ko
- Day-close se pehle
- Weekly
- Monthly
- Jab manager chahe
- Sirf selected items ka

Jawab:

23. Kya Physical Stock Check complete kiye baghair day-close rokna hai?

Jawab:

24. Expected 50 aur actual 45 ho to system kya kare?

- Sirf 5 shortage red color mein show kare
- Stock automatically 45 kar de
- Manager approval ke baad stock 45 kare
- Staff reason enter kare, phir adjustment ho

Jawab:

25. Expected 50 aur actual 55 ho to excess ka kya rule hoga?

- Excess green color mein show ho
- Stock automatically 55 ho
- Approval ke baad 55 ho
- Excess ke liye bhi reason mandatory ho

Jawab:

G. Shortage, Excess aur Approval

Variance ki wajah, approval aur audit record ka rule batayein.

26. Shortage/excess ke reasons ki list chahiye?

- Wastage
- Damage
- Expired
- Staff consumption
- Wrong entry
- Theft/leakage
- Transfer short receive
- Unknown
- Other remarks

Jawab:

27. Kya shortage aur excess ka separate adjustment ledger hona chahiye?

Ledger mein item, branch, expected, actual, difference, date, counted by, approved by aur reason save ho?

Jawab:

28. Physical quantity kaun enter karega?

- Kitchen staff
- Branch cashier
- Branch manager
- Owner
- Authorized user

Jawab:

29. Variance approve kaun karega?

- Branch manager
- Owner
- Head Office manager
- Approval ki zaroorat nahi

Jawab:

30. Kya staff ko actual count enter karne se pehle expected quantity dikhani hai?

Recommendation: Expected quantity pehle hide rahe taake staff system number copy na kare; submit ke baad comparison show ho.

Jawab:

31. Count submit hone ke baad edit allowed ho?

- Haan, manager edit kare
- Sirf approval se pehle edit ho
- Submit ke baad edit na ho; correction entry banay
- Owner edit kare

Jawab:

H. Reports aur Visibility

Reports mein kaunsi detail aur kis role ko nazar aani chahiye?

32. Physical Stock Report mein kya kya show hona chahiye?

- Item name aur item type
- Branch
- Expected quantity
- Actual quantity
- Difference
- Shortage/excess
- Unit
- Count date
- Counted by
- Approved by
- Reason aur remarks

Jawab:

33. Kya report mein movement breakdown bhi chahiye?

Misal: Opening 20 + Received 100 – Sold 70 – Waste 5 = Expected 45; Actual 40; Shortage 5.

Jawab:

34. Report kis format mein download karni hai?

- Excel
- PDF
- Dono
- Sirf screen par

Jawab:

35. Kya branch manager sirf apni branch aur owner tamam branches dekh sake?

Jawab:

I. Excel Upload Formats

Excel import/export ka structure final karein.

36. Excel ka format kaisa chahiye?

- Teen alag files: Raw Material, Kitchen Item, Retail/Menu Item
- Ek workbook ke andar teen sheets
- Ek combined Excel, jisme Item Type column ho
- Download ke liye teen formats, import ke liye combined format

Jawab:

37. Raw Material Excel mein kaun se columns hon?

Proposed: Item Name, Item Code/SKU, Category, Base Unit, Purchase Unit, Conversion Factor, Opening Stock, Minimum Stock, Cost per Unit.

Add/remove karne wale columns:

38. Kitchen Item Excel mein kaun se columns hon?

Proposed: Kitchen Item Name, Item Code/SKU, Category, Unit, Recipe Ingredient Name, Ingredient Code, Quantity Required, Cost per Unit, Expected Yield, Waste/Yield Loss.

Add/remove karne wale columns:

39. Retail/Menu Item Excel mein kaun se columns hon?

Proposed: Product/Menu Item Name, Product Code/SKU/Barcode, Category, Sale Price, Tax Rate, Unit, Recipe Component, Component Type, Quantity Required, Cost per Unit.

Add/remove karne wale columns:

40. Excel matching naam se ho ya code/SKU se?

Recommendation: Pehle code/SKU/barcode; code na mile to exact name; ambiguous name ko error report mein show karein.

Jawab:

J. Units, Conversion aur Wastage

Purchase, stock aur recipe units ka practical rule batayein.

41. Kya purchase unit aur stock unit alag ho sakti hai?

Misal: 1 carton = 24 bottles; 1 bag = 25 kg; 1 tray = 30 eggs. Kya system automatic conversion kare?

Jawab:

42. Recipe mein decimal quantity allowed ho?

Misal: 0.050 kg cheese, 0.250 liter sauce, 1.5 gram spice.

Jawab:

43. Physical count mein decimal quantity allowed ho?

- Sirf pieces ke liye whole number
- Weight/liquid ke liye decimal allowed
- Har item ke unit ke mutabiq system decide kare

Jawab:

44. Wastage, damage aur expiry ko separate stock movement rakhna hai?

Jawab:

K. Priority aur Final Examples

Pehle kis cheez ki zaroorat hai aur final system kis example par test hoga?

45. Sab se pehle kaunsa module zaroori hai?

- Raw Material setup
- Kitchen Item aur production
- Retail/Menu recipe
- Branch stock issue/receive
- Physical Stock Check
- Excel import
- Reports

Priority order:

46. Kya pehle simple Phase 1 banaya jaye?

Suggested Phase 1: Teen item types, recipes, branch stock, issue/receive, expected vs physical quantity, shortage/excess report aur Excel import/export. Production batches, approvals aur detailed wastage Phase 2 mein.

Jawab:

47. Sab se important real-life example kaunsa hai?

- Zinger Burger
- Pizza
- Shawarma
- Bakery item
- Cold drink
- General retail product
- Koi aur

Jawab:

48. Final system ke liye koi aur zaroori rule ya requirement?

Jawab:

Additional Notes

Yahan woh points likhein jo upar ke sawalat mein cover nahi hue.
